Aims and objectives of the project

Eduwork.Net project aims at **building networks and partnerships** of VET providers and the world of work, at regional, national and European level.

The objectives of the project are:

- to **establish a network of VET providers** and facilitate exchange of knowledge, feedback and experience of policy implementation as well as sharing of best practices on VET excellence;
- to **improve quality of VET provision** and linkage with the needs of the labour market;
- to **enhance impact and relevance of VET provision** for both learners and employers;
- to **support transnational mobility of VET students for work-placements**, implementing the European VET policies for transfer and recognition of learning outcomes and using ECVET.

Why Eduwork.Net?

Work based learning contributes to the development of a **skilled workforce**, that is critical for competitiveness of EU, upskilling and inclusion.

Raises awareness on the mutual benefits of apprenticeship for VET providers and SMEs.

Builds capacity at grassroots level for the effective implementation of national and European policies of work-based learning, apprenticeship and dual system.

Supports VET providers to organise VET students' mobilities and work placements abroad.

Supports exchange of knowledge, practices and experiences on **work-based learning and internationalisation**, including mobility.

Results

- **Transnational context study** “Work-based learning and apprenticeships in the involved countries”, focusing on the internationalisation aspect,
- **National events** aiming at the cooperation between VET providers and SMEs,
- **A virtual space** that will serve for sharing information, experiences, setting up virtual support offices for common mobility projects, providing webinars and learning resources
- **A permanent mechanism for tracking VET students** in apprenticeships and a feedback loop for improving quality of VET provision.

Transnational events

- Transnational workshop in Dublin
- European conference in Rome on “VET and labour market” linked with the European Vocational Skills Week.
- Transnational Networking Event in Athens
